Chelsea

Look no further than Port Phillip, just south of the Melbourne CBD. With 260 kms of coastline, Port Phillip is 35 times the size of Sydney Harbour! The bay has beautiful safe, sandy bay beaches stretching from Sorrento, on the Mornington Peninsula, to Queenscliffe, on the opposite side of the Bay. It is the area closer to Melbourne, on the southern side of the bay that interests most people. This area known as “Southern Bayside” is forever popular because of the cosmopolitan lifestyle, and during summer, beach lovers flock here in their thousands. And for good reason - it is hip, fun, gorgeous and the place to be!

Accommodation types	Sleeps
