

Laser Tag – Game Modes

TEAM ELIMINATION

Looking to break the ice and fire up your session? **Team Elimination** is a fast, fun, and energetic way to kick things off.

The mission: Tag the other team more times than they tag you. Simple? Sure. Easy? Not when lasers start flying. Get ready to dodge, dash, and dive into the action.

Game Format

- Session 1 – Warm Up: Shake off the nerves and learn the ropes.
- Session 2 – Game On: The real battle begins. Bring your A-game.

Game Info

- **Medic Box:** Each team has a Medic Box at their base (opposite ends of the game zone). This is where players go to get reactivated. Think of it as your team's recharge station.
- **Reactivation Rules:** Get tagged? You'll lose Health Points and be deactivated. Head back to your team's Medic Box, stand still within a metre, and wait a couple of seconds. Your tagger will auto-reactivate—no buttons, no fuss. Not sure if you're back online? Pull the trigger. If it fires, you're good to go.

Session Times

Junior Session (Ages 6-11): 10 minutes

Open Session (Ages 12+): 15 minutes

CAPTURE THE FLAG

Ready to take on the ultimate team challenge?

In **Capture the Flag**, strategy meets speed. Each team has a flag box—and your mission is to capture points by hitting the enemy's flag box and safely returning to your own.

How to Score:

- Shoot the opposing team's flag box—your tagger will announce "Flag Captured."
- Make it back to your own flag box without getting tagged—when you return it successfully, your tagger will say "Flag Returned."
- Multiple flags can be in play at once. Look for players with flashing head sensors—that means they've got a flag.
- Tag them before they score!

Reactivation:

Get tagged? Head back to your team's flag box to respawn. Unlimited respawns are available from your base. Stand still within about a metre of the flag box and the system will automatically reactivate your tagger. Not sure if you're good to go? Pull the trigger—if it fires, you're back in action.

Session Times
