

Reflect Reconciliation Action Plan (RAP)

January 2025 – March 2026

Introduction

Discovery Parks is **committed** to growing with care through **supporting** our people, **giving back** to the community and protecting our environment.

We bring people, places and communities closer together across the parks and resorts we own and or operate. Connection is at the heart of what we do – from the guests we welcome, to the regional communities in which we operate and the broader travel industry.

Our core business is to showcase some of Australia's most treasured places to millions of guests each year, providing memorable regional accommodation and experiences across our growing network of almost 90 owned and operated holiday parks and resorts. Additionally, we provide Workstay accommodation for people working in regional and remote areas of Australia.

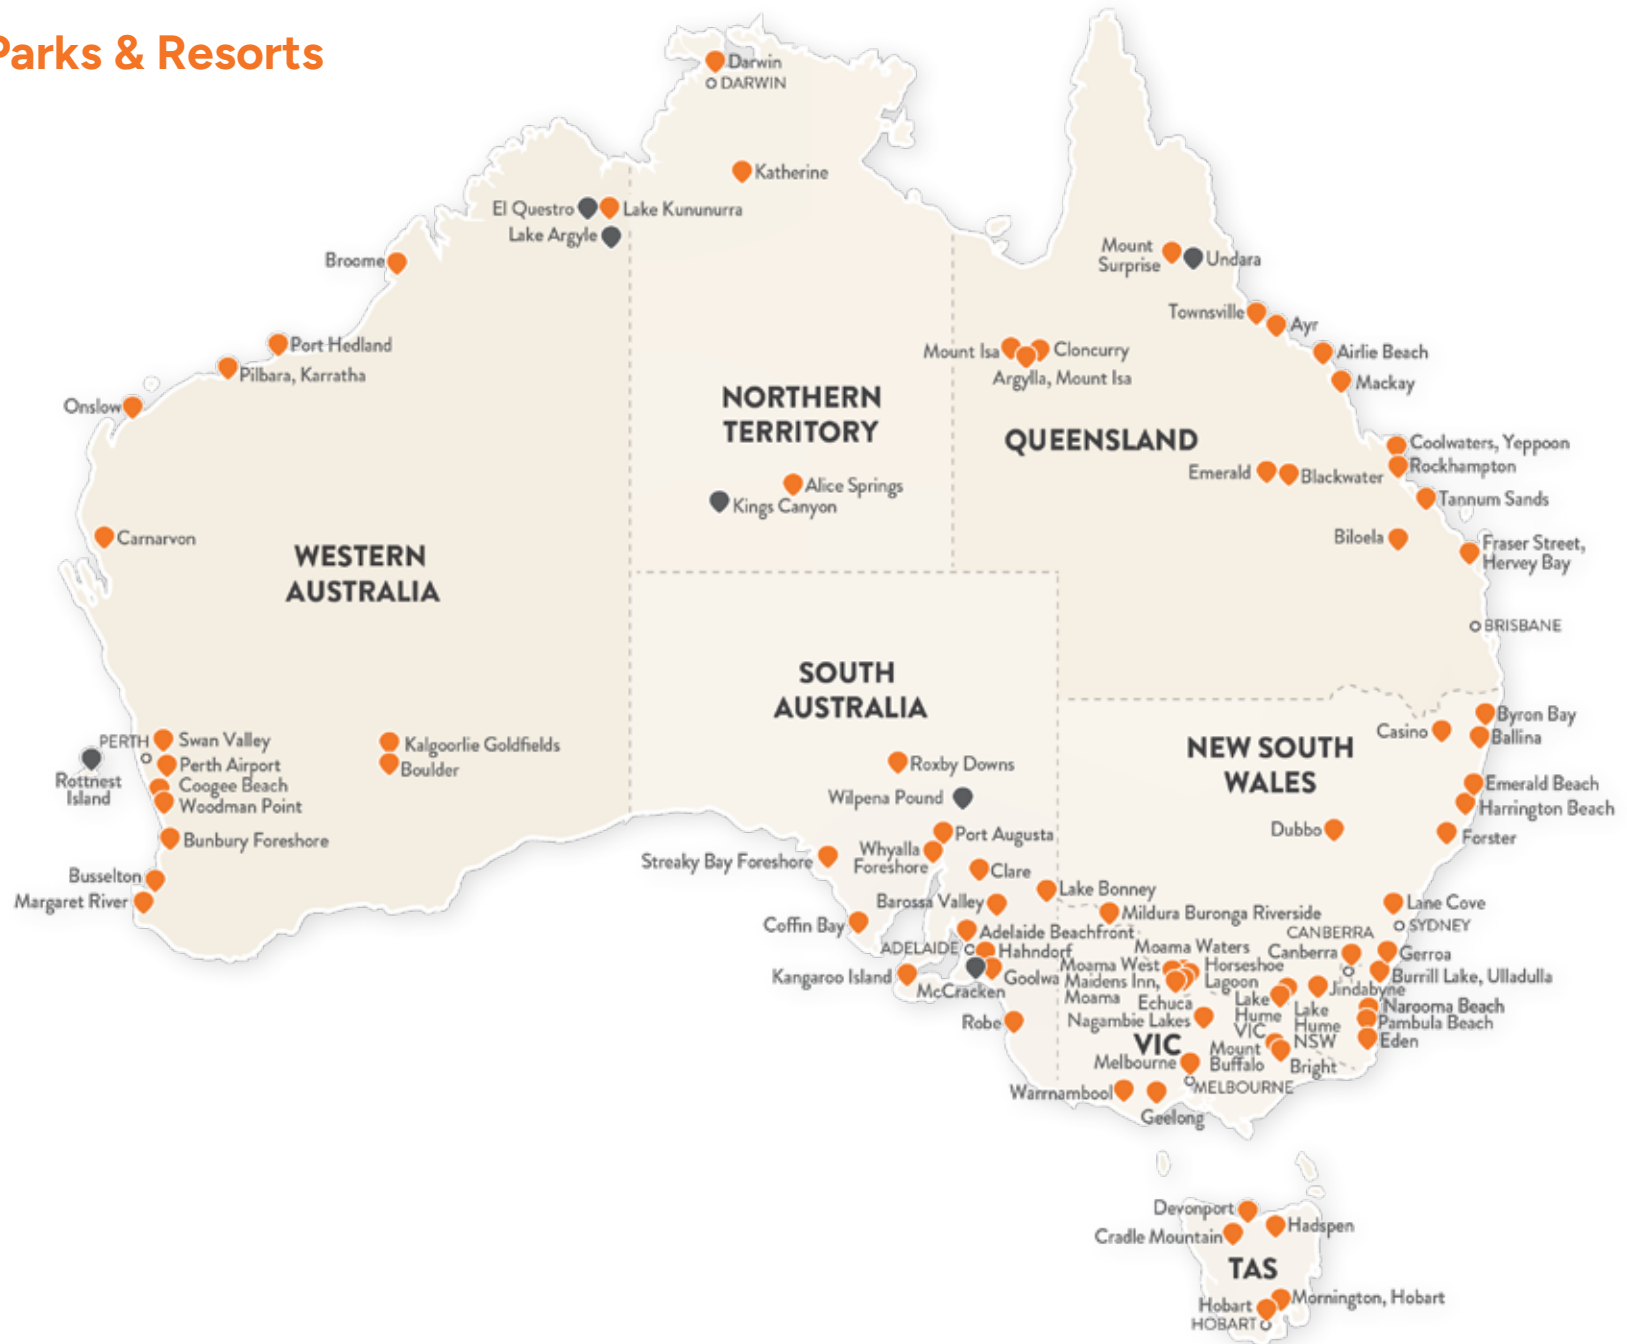

Located throughout regional Australia with our Support Office in Adelaide, the below reflects where we operate at the start of this RAP. This includes Wilpena Pound within the Ikara-Flinders Ranges National Park thanks to the support of The Adnyamathanha people.

We employ approximately 2400 people across Australia across our tourism, Workstay and experience businesses. We currently employ 75 individuals that have identified as being Aboriginal and/or Torres Strait Islander people.

Our first RAP is centred on the holiday parks we operate day-to-day and the local communities in which we work. This includes our Discovery Parks, Discovery Resorts and Workstay businesses. As we progress through the RAP process we will continue to evaluate our role regarding parks we do not operate day to day that are part of the G'day Parks network.

Discovery Parks & Resorts

Statement from CEO of Reconciliation Australia

Reconciliation Australia welcomes Discovery Holiday Parks to the Reconciliation Action Plan (RAP) program with the formal endorsement of its inaugural Reflect RAP.

Discovery Holiday Parks joins a network of more than 3,000 corporate, government, and not-for-profit organisations that have made a formal commitment to reconciliation through the RAP program.

Since 2006, RAPs have provided a framework for organisations to leverage their structures and diverse spheres of influence to support the national reconciliation movement. The program's potential for impact is greater than ever, with close to 3 million people now working or studying in an organisation with a RAP.

The four RAP types — Reflect, Innovate, Stretch and Elevate — allow RAP partners to continuously develop and strengthen reconciliation commitments in new ways. This Reflect RAP will lay the foundations, priming the workplace for future RAPs and reconciliation initiatives.

The RAP program's strength is its framework of relationships, respect, and opportunities, allowing an organisation to strategically set its reconciliation commitments in line with its own business objectives, for the most effective outcomes.

These outcomes contribute towards the five dimensions of reconciliation: race relations; equality and equity; institutional integrity; unity; and historical acceptance.

It is critical to not only uphold all five dimensions of reconciliation, but also increase awareness of Aboriginal and Torres Strait Islander cultures, histories, knowledge, and leadership across all sectors of Australian society.

This Reflect RAP enables Discovery Holiday Parks to deepen its understanding of its sphere of influence and the unique contribution it can make to lead progress across the five dimensions. Getting these first steps right will ensure the sustainability of future RAPs and reconciliation initiatives, and provide meaningful impact toward Australia's reconciliation journey.

Congratulations Discovery Holiday Parks, welcome to the RAP program, and I look forward to following your reconciliation journey in the years to come.

Karen Mundine
Chief Executive Officer
Reconciliation Australia

Artist Profile

The APY Art Centre Collective (APYACC) are a group of Indigenous-owned and governed art centres that work together on innovative artistic projects, and strong business initiatives. Their art centre businesses are the beating heart of their communities. Their vision is to support every person of working age to have culturally affirming employment and an independent income so that they can succeed in their world and yours.

A Discovery Parks Reconciliation Action Plan is a natural progression

Positive community initiatives have been a natural part of the organisation's growth as a consequence of strategic opportunities, leadership, governance and shareholder support.

Examples of this are ingrained in our organisation. One such example is that of our Chief Executive Officer, Grant Wilckens, who shares the story of his family's long camping trip in the Kimberley and the personal relationships he developed with local Aboriginal communities. These relationships ultimately contributed to the design of an Indigenous Land Use Agreement (ILUA) in 2022- formalising a relationship with the Wilinggin Aboriginal Corporation to lease the land. Outcomes include employment and training opportunities and unique experiences for our team, organisation and guests, this example at El Questro forms part of our RAP committee scope and Reflection.

Our ESG strategy is another example, where prior to commencing a RAP (2021) employees identified a focus on 'Strengthening Relationships with Traditional Owners' as an important pillar.

As our organisation grows, we continue to embrace diversity and embed mature policies and training to support all employees. We are aiming for the RAP process to inform continuous improvement of existing and new initiatives. This RAP has the support of our Board, Executive and Shareholders.

Review and understanding of the accredited RAP process started in October 2023 and some actions have already commenced prior to RAP accreditation. These will be reviewed and improved as part of the Reflect plan.

Progress guided by reflection includes:

- The commencement of a Cultural Committee bringing together our First Nations Initiatives across the ILUA ESG strategy and other opportunities;
- Connecting with Reconciliation Australia, attending the RAP learning circle, meeting with other organisations undertaking a RAP; and
- Shifting our Cultural committee to a RAP Committee in July 2024

Our RAP brings together current organisational initiatives and provides a pathway for future learning and listening across the organisation, initially from focus parks and communities. Our RAP committee has wide representation from across the organisation and includes two founding members from the Executive Team (Chief Operating Officer and Chief People Officer) who have been champions of support since we commenced. Our Chief Operating Officer (COO) Matt Lang is the organisations' RAP champion outside of the RAP Committee. Matt leads the operations of the Discovery Parks, Resorts and Workstay businesses. The committee is made up of voices and skills that make an impact throughout the organisation from operations to ESG, including The General Manager of Communication (GMC) and Procurement (GMP).

Discovery Parks is at the early stages of the formal RAP process and given our belief in genuine local community relationships, we are conscious of facilitating self-paced learning and engagement. Our RAP Committee meets regularly and draws on internal and external specialists as needed, whilst also ensuring our plans can genuinely be realised given multiple priorities, locations and a wide span of employee experience. The organisation has existing organisation wide mature policies relating to supporting diversity which have been relevant to our Reflection.

In August 2024

we welcomed Louise Wellington, Director of Tin Truck & Associates and part owner of Hardy fencing NT, a 100% Aboriginal owned and operated business to the committee. Louise comes from two families in Central Australia, her mother's side of the family being Luritja people from the Watarrka region and her father is a Warlpiri man from Willowra community north of Alice Springs.

In September 2024

we shared with all employees that we were starting the Reflect Reconciliation Action Plan (RAP) process and Major Lancelot "Moogy" Sumner AM performed a Welcome to Country.

In late 2024

four new committee members joined the RAP committee increasing the diversity of perspective from different regions of Australia.

Formal protocols for staff on the use of the Welcome to Country and Acknowledgement of Country were identified as an action in our RAP and ESG initiatives and these will be communicated and supported with training. We also measure employees and suppliers that identify as Aboriginal and/or Torres Strait Islander Persons or organisations. Discovery Parks proudly partners with more than 50 First Nations companies across a diverse range of services, including Guest experience partnerships, Marketing & Advertising, Food and Beverage, Consulting Services and Repairs.

We provide support to a number of external organisations including Yalari a not-for-profit organisation that offers quality, secondary education scholarships at leading Australian boarding schools for First Nations children from regional, rural and remote communities. Matt Lang our COO and RAP champion is a member of the Yalari SA Regional Council .

We have commenced the process to commission artwork, Discovery Parks Reflect painting will include a plaque that will acknowledge some of the learning from this process, the birth of our RAP and intent to continue to learn and build relationships with more communities over time.

Our Reconciliation Action Plan is outlined below for Accreditation Review. We thank Reconciliation Australia and their team for support and feedback during this process.
